OXCART

ACTIVITY PROGRAM NO. 62-1

1. PURPOSE:

25X1A6a

2. DESCRIPTION OF WORK OR SERVICES REQUIRED:

Construction of a swimming pool, 40 x 60 feet (including heat and filtration system and a three-meter diving board). Design and construction of tennis courts, basketball court, handball court and softball diamond. Services of a professional contractor will be required to accomplish the greater portion of this project.

3. EXPECTED ADDITIONAL OR RELATED WORK AND SERVICES:

At the present time, the post is in the midst of a construction program, necessitating that professional manpower and construction equipment be available. The work proposed in this program could simultaneously be accomplished along with other contractual projects to be completed.

4. TOTAL ESTIMATED COST:

\$30,000; a break-down of the estimated cost is as follows:

Swimming Pool	\$20,000
Tennis Court	4,000
Handball Court	3,000
Basketball Court	1,500
Softball Diamond	1,500
TOTAL	\$30,000

We might point out that these facilities, if provided for independently of the construction currently under way, would range in the vicinity of \$40,000 to \$45,000.
